

Ronald Greaves is the Vice President / General Manager of Corrosion Resistant Conduit Solutions at Atkore, where he is responsible for P&L performance, strategic execution, and driving operational excellence across the strategic business unit. Ronald has over 24 years of experience in the electrical industry and has served in DEI leadership roles for other manufacturers, including Panduit and Siemens. He is proud of his heritage as a first-generation college-educated Caribbean-American immigrant to the U.S. He leans on his unique background and experiences to deliver results and advance Atkore's talent commitment.
